 patil2006s@gmail.com

PROFESSIONAL SUMMARY

Motivated Artificial Intelligence student with strong foundations in software development, web technologies, and machine learning. Experienced in building real-world projects using Python, Java, Flask, and Android development tools. Completed internship in web development and software testing, gaining hands-on experience in frontend, backend integration, and debugging.

Passionate about building scalable applications and continuously improving technical skills in modern software development environments.

TECHNICAL SKILLS

Programming Languages: Python, Java, JavaScript, C, C++

Web Technologies: HTML, CSS, Flask

Database: MySQL, DBMS

Tools & Platforms: Git, GitHub, VS Code, Android Studio, Figma

Concepts: Object-Oriented Programming, REST API basics, Machine Learning (NLP, TF-IDF)

WORK EXPERIENCE

Intern – Web Development & Software Testing

Sublime Enterprises | June 2024 – August 2024

- Assisted in developing web pages using HTML, CSS, and JavaScript
 - Worked on backend integration and database handling using MySQL
 - Performed software testing and debugging to improve application performance
 - Collaborated with developers to fix bugs and improve UI/UX
-

PROJECTS

 **RhythmDrop – Final Year Project**

- Developed an Android-based application with hardware integration for real-time beat generation
- Used Bluetooth connectivity for device communication
- Technologies: Java, Android Studio, Embedded Systems

Plagiarism Detection System

- Built a web-based ML system for text similarity detection
- Implemented TF-IDF with SVM and Random Forest models
- Technologies: Python, Flask, Scikit-learn, NLP

EDUCATION

Usha Mittal Institute of Technology
B.Tech – Artificial Intelligence (2025–2028)
Current SGPA: 9.28

Vidyalankar Polytechnic
Diploma in Information Technology (2022–2025)
Percentage: 89.00%

Samata Vidya Mandir
SSC (2022)
Percentage: 90.80%

ACHIEVEMENTS

- Google Cloud Program – Cloud Track Certification
- Hackathon Participation – Built prototype solution in team environment
- Internship experience in Web Development & Software Testing

KEY STRENGTHS

- Problem-solving & analytical thinking
 - Quick learner with adaptability
 - Team collaboration and communication skills
 - Strong interest in software development and AI systems
-
